Travel Series

Dubai, UAE

Length of Stay: 4 Days, 3 Nights

Dates: June 5–8 [Days 1 through 3 of the Journey Abroad]

Lodging: Conrad Dubai, Hilton

📍 Sheikh Zayed Road, P.O. Box 115143, Dubai, UAE

Excursions, Experiences, & Spots to Try:

- Visit the Burj Khalifa and explore the iconic Dubai Mall
- Book a desert safari—includes dune bashing, camel rides, and a dinner show
- Pick up Kanduras/Dishdashas for the whole family at the mall; Ghutras can often be found at roadside stops or markets along the way
- Lounge at the hotel spa or unwind at the rooftop pool
- Dine at Social House – 4.9 stars, casual atmosphere with great views
- Try 24th Street World Street Food – playful, global, and packed with flavor
- The train system was very easy to navigate.

Jami Gem: The Dubai Mall is endless. If you're traveling with kids, the aquarium inside is a must. It's a fun, interactive experience that keeps them engaged while giving you a break from the designer window shopping.

Major Key: Buy your tickets to the aquarium online. The door prices are wild.

I couldn't believe it—pulled out my phone mid-line, found the online rate, and suddenly the world made sense again. Don't overspend where you don't have to. Save that extra cash for dessert and souvenirs.
